

Unilever Caribbean Limited

Unaudited Financial Statements for the First Quarter ended 31 March 2026

Expressed in Trinidad & Tobago Dollars

CHAIRMAN'S REVIEW

Despite a challenging inflationary environment and continued cost pressures, Unilever Caribbean Limited (UCL) delivered strong revenue growth for the first quarter ended March 31 2026, underpinned by export market volume growth.

This performance underscores the strength of the Company's leading brands, disciplined operational execution, and the contribution of the export market to volume growth.

Revenue from continuing operations increased by 15.2% year-on-year to \$70.1m (Q1 2025: \$60.9m), underscoring the resilience of the Company's portfolio despite ongoing market uncertainty.

Beauty and Personal Care remained the principal growth engine during the quarter, driven by continued strength in core brands such as Dove, Degree, TRESemmé and Vaseline. Home Care and Foods delivered steady performance, supported by sustained consumer demand for essential household and food products.

Profit after tax from continuing operations declined by \$1.1m, or 9.4%, to \$10.5m (Q1 2025: \$11.6m), reflecting higher input costs and operating expenses as global geopolitical developments continued to contribute to supply chain and logistics pressures during the quarter.

In line with the Company's sustainable profitability strategy, the Laundry category was divested effective March 15 2026 and is presented as discontinued operations in the financial statements. This transaction supports the Company's strategic focus on simplifying its portfolio and concentrating investment behind its strongest and most profitable categories.

The Company maintained a healthy liquidity position throughout the quarter through disciplined working capital management and prudent cash flow oversight. In recognition of the Company's solid first quarter performance, the Board of Directors approved a first interim dividend of \$0.16 per share, consistent with the prior year.

In addition, the Board approved a special dividend of \$0.77 per share, representing the return to shareholders of proceeds from the disposal of the Laundry business. These financial statements do not yet reflect these dividends.
